GENERAL NOTES FOR YOU: (i.e. this wouldn't be in your script)

- No need to add page numbers, just frame numbers please.
- Don't add any "Editor" speech, these come from, well, the editor!
- You can add SFX like "Shrrooomm" if things are happening in scene.
- If it's hard to describe in words, feel free to include a reference image. For example: "The character decorates old tin cans and turns them into flower pots"
